

Strategic Consulting Support for UW Leadership Initiatives

POPULATION HEALTH

The Population Health initiative advances the health of people around the world.

- **Department of Global Health**

Vice Chair, Jared Baeton

Facilitated development of a comprehensive 3-year strategic plan with emphasis on specific objectives related to the Department's support of the Population Health Initiative.

- **Center for Studies in Demography & Ecology**

Executive Director, Sara Curran

Conducted organizational and operational assessment for the center highlighting current unmet needs across the university and population health research for biodemography and geospatial support.

- **Latino Center for Health**

Associate Dean, Gino Aisenberg

Facilitated a strategic planning retreat to help the Center develop a roadmap for the future; how to build on an established foundation, hire more staff, and increase revenue.

- **Business Diversity Program**

Regent, Joanne Harrell

Developed outreach program and roll-out plan to double the university's spend with OMBE certified suppliers. The program has met first year spend targets.

- **WIRED (Women Investigating Race, Ethnicity, & Difference)**

Chair, Alexes Harris

Facilitated a retreat for an un-funded faculty network to plan a path for further supporting female and diverse faculty through publication and tenure.

- **Meany Center for the Performing Arts**

Executive Director Michelle Witt

Identified current staff workload as precursor to center strategic planning around increasing number of performances, both in support of academic programs and as cultural events.

- **Tuberculosis Center**

Director, Dr. Thomas Hawn

Facilitated development of a biannual business plan for optimizing the center's mission to create educational, networking and collaborative opportunities for UW and non-UW tuberculosis research laboratories across the Pacific Northwest.

- **Other Centers**

RACE & EQUITY

Through the Race and Equity initiative, we are combatting the racism and inequities that persist here and throughout our society.

COMMUNITY ENGAGEMENT

The Community Engagement Initiative prepares the UW's application for the Carnegie Community Engagement classification.

Strategic Consulting Support for UW Leadership Initiatives

HUSKY EXPERIENCE

The Husky Experience encompasses the wide range of opportunities that exist inside and beyond the classroom to help undergraduate and graduate students discover their passions in life and work, develop an inclusive mindset and gain the skills that lead to meaningful and rewarding careers as community, academic and industry leaders.

• **Division of Student Life**

Vice President, Denzil Suite

Assessed, and recommended improvements to, Student Life organizational structure, enabling improved student service and workflow between like-functioning units in the division.

TEACHING & LEARNING

The Teaching & Learning initiative encourages inventive instruction at the UW, both in the classroom and online, with new integrated technologies and support for evidence-based teaching.

• **Foster School of Business**

. Assistant Dean, Michelle Griffin

Lean Room Scheduling.

INNOVATION IMPERATIVE

The Innovation Imperative encourages innovation by providing the space and opportunity for people from all backgrounds to connect, imagine and discover.

• **CoMotion**

Vice President for Innovation Strategy, Vikram Jandhyala

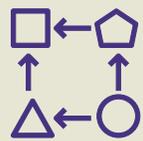

Facilitated development of a strategic plan and accompanying organizational restructure in response to increasing innovation scope and decreasing funding forecast.

Strategic Consulting Support for UW Leadership Initiatives

TRI-CAMPUS

The Tri-Campus Initiative increases collaboration and takes advantage of opportunities that speak to the unique natures of our three campuses.

TRANSFORMING ADMINISTRATION PROGRAM

The Transforming Administration Program (TAP) seeks to ensure that our central units support our academic mission through a common vision, a culture of service and a commitment to continuous improvement.

INSTITUTIONAL ASSESSMENT

The Institutional Assessment Effort prepares the UW's accreditation response to the Northwest Commission on Colleges and Universities .

- **Tri-Council Nursing**

- **UW Bothell**

Vice Chancellor Ruth Johnston

Led a series of process improvement events core to Bothell infrastructure; includes, but is not limited to, helpdesk workflow, new printer acquisition policies, facilities key access procedures, and IT project intake.

- **UW Tacoma**

School of Interdisciplinary Arts and Sciences Process Improvement.

- **Central Administration Customer Service Survey**

Provost, Jerry Baldasty

Managed development, delivery, and reporting of the University-wide satisfaction survey, identifying successes and possible improvements in units across central administration.

- **Public Records**

Provost, Jerry Baldasty

Supported appointment of an executive sponsor panel and working team representing units affected by responses to public records. The team developed action items and recommendations for managing the work.

- **Service Ambassadors Workshops**

Director, Marisa Nickle

Curate quarterly professional development content and programs for administrative staff identified by unit leadership as point persons for rolling out TAP commitments of service within their units.
